

iCabbi

Brand

Guidelines

The document includes the fundamentals of our branding guidelines from the usage of our logo to the visual identity of our brand.

Welcome to the iCabbi Brand Guidelines. Our brand is more than just a logo or a colour palette – it's a representation of our mission, values, and the experiences we aim to provide for our customers. This document serves as a comprehensive guide for all stakeholders to ensure consistent representation and implementation of our brand across all touchpoints.

The purpose of this brand guidelines document is to provide a clear understanding of the iCabbi brand and to ensure consistency in all brand representation. This includes the use of our logo, colour palette, typography, imagery, and tone of voice. It is intended for internal teams, external partners, and suppliers who are responsible for the representation of our brand.

Consistency is key in maintaining the integrity and strength of our brand over time. We encourage all stakeholders to closely adhere to these guidelines and to provide feedback and suggestions for updating and refining them in the future.

We hope that this document serves as a valuable resource for all those involved in representing our brand. Let's work together to bring the iCabbi brand to life.

The document includes the fundamentals of a branding guidelines from the usage of a logo to the visual identity.

Logo

Safezone

The logo safezone is an essential consideration in iCabbi’s branding system. It is a designated area around the logo that ensures the logo is surrounded by sufficient space, free of any other design elements or text. This helps to maintain the logo’s visibility, legibility, and impact, making it stand out from other visual

elements on the page. The logo safezone is particularly important when the logo is used in smaller sizes or when placed in a crowded visual environment. By protecting the logo’s visibility, the logo safezone helps to reinforce brand recognition and consistency.

02 Typography

Poppins is a modern and versatile typeface that plays an important role in iCabbi’s visual identity system. As a sans-serif font, it communicates simplicity, modernity, and elegance, which are all key attributes of the brand. The typeface is used consistently across all brand touchpoints, creating a cohesive and recognisable visual identity. Its versatility allows for use across various mediums, from product packaging to website design. The use of Poppins in iCabbi’s brand system helps to create a strong and memorable brand identity that reinforces the brand’s personality and values.

Typography

Expressive

The use of expressive custom typography styles is integral to iCabbi’s visual communication and brand system. By using custom typography that follows a path, it depicts a sense of journey that captures the attention of our audience and convey our commitment to cutting-edge technology. The custom typography adds a

unique visual flair to our marketing materials, presentations, and user interfaces, ensuring a consistent and memorable brand experience. This creative approach to typography helps us stand out in the competitive landscape of dispatch technology, making our communication both impactful and recognisable.

Photography

People

iCabbi's use of photography is a critical component of our visual identity, designed to convey the dynamic and customer-centric nature of our brand. Our art direction emphasises authenticity, capturing real moments within the private hire taxi industry. Key characteristics include natural lighting, candid interactions, and vibrant cityscapes that reflect the fast-paced environment our technology supports.

Our imagery focuses on drivers, passengers, and the seamless operation of our dispatch systems, highlighting the human element and the efficiency of our solutions. By using high-quality, relatable, and contextually relevant photos, we create a visually engaging narrative that underscores iCabbi's commitment to innovation, reliability, and exceptional service in the dispatch technology industry.
